About My Internship Journey with Clevered..

- It has been really well and I learnt a lot from it.

About App..

- This App will help people detect shapes from images on your device.

How do I use the App?

App GUI

- Use the option to select the image from your device
- The app will then detect the shapes in the image.

Contact Person

- Please reach out to me at divyvaghasiya21@gmail.com for any queries and suggestions.

Thank you!
